Support. Advocate. Connect.

The United Methodist Campus Ministry Association (UMCMA) is a professional network engaging in support and advocacy. We envision a church that passionately loves college students as much as God does, and offers God's transforming love to every student, on every campus, in every generation.

July 20, 2015

Dear President Strickland:

Greetings to you on behalf of The United Methodist Campus Ministry Association (UMCMA). At our most recent UMCMA Gathering held in Washington D.C. on July 13-16, 2015, our Coordinating Committee read and discussed the NASCUMC Statement dedicated to ***Heralding Our Commitment to Justice and Dignity***. We are pleased to share that the statement garnered our unanimous affirmation and support! We have begun to distribute the statement to our full membership.

With NASCUMC we affirm that "we do not interpret societal issues with one mind, but we share a compassionate heart." Furthermore, we affirm that "together we bear witness to our common concern for indignities in our global society and the urgency for the church and church-related institutions to witness in words and actions to the dignity of all human beings."

Our Coordinating Committee commits to participating in the two actions outlined in your statement.

- **Conversations that Matter about Matters that Matter:** UMCMA will encourage its members to engage in conversations on concerns of justice and dignity within the distinctive context of each ministry setting.
- **Institutional Action:** UMCMA will advocate for, and encourage its members to advocate for, institutional policies and cultures in the colleges and universities we serve that will foster more fully the dignity of all people.

UMCMA is proud to stand with NASCUMC in these commitments!

Sincerely,

Rev. Narcie Jeter, Co-Chair
Rev. Edward McCutcheon, Co-Chair
